SCOUTS CLEAN UP . . . These were among the Hondo Boy Scouts and Cub Scouts who devoted Saturday, April 28, to cleaning up the streets and lots of Hondo. The boys took time away from other duties and recreation to help make Hondo a more beautiful place to

live and visit. All scout troops and packs in Hondo participated in the clean up. These scouts from Troop 219 and associated Cub Scouts are [in no special order]: Paul Richards, Brian Boone, Scott Bader, Jim Weynand, Craig Heath, Patrick Richards, Richie Brown, Rene

Sanchez, John Hannemann, Jaime Sanchez, Joel Hannemann, Arturo Dominguez, Jim Coyle, Mike Mendoza, David Weynand, Curt Van DeWalle, Gary Stanga, Jerry Stanga and Troop 219 Scoutmaster Jack Heath.

MUSEUM DAY CELEBRATION

. . . takes precedence over everything else this week [this, of course is the personal opinion of the General Chairman, and since he is writing this on Wednesday, no one can challenge the statement until next week].

Many persons have and will contribute time, money and effort to make this special event a big affair filled with fun and excitement and at the same time earn some money to operate our historical museum.

Stories this week do not carry the names of organizations [in most instances] that are contributing to the success of this annual event, but next week we hope to have a long list of them so that at least they can be thanked publicly.

Right now I can say "Thanks to all who are so kind to make this a MUST event in their busy schedules. I feel I am speaking for the Museum Board of Directors when I say that any success we have can be attributed solely to the response we have from the entire public."

Saturday is the big day of course and we hope that in the special Museum section we are printing [and this was made possible only through the cooperation of the merchants who advertised so that we might use this means to publicize our city, our event and our Museum] covers all that is taking place.

FAST CHANGES

. . . are a trademark in the Texas House of Representatives, and I suppose in all political circles where laws are written and passed. A bill that says one thing today, might say a far different thing tomorrow, and by the time a bill gets on the House floor after going through sub-committee and committee meetings it can be a far different piece of legislation than when it started out.

A good example is the school refinancing bill. Some two or three weeks ago I was privileged to sit in on an Education sub-committee meeting on which Rep. John Poerner serves.

The sub-committee studied the substitute bill for original HB 946 and after two days of unquished pencil pushing came up with an amendment to the substitute. I described that amendment to the Hondo Lions Club the following Wednesday.

Well, boys it has changed. At an Education Committee meeting the other morning the bill's author and sponsor offered, which came as a surprise to many members of the sub-committee, a substitute for the amended substitute.

Follow me?

Don't worry. Neither did any of the committee members. That is why they sent the latest proposal back to the sub-committee for further study. Rep. John Poerner was one who thought there should be more study on the new move since this is perhaps the most important subject Texas has facing it today.

What they come up with is anybody's guess. They are limited by money, since the Governor has laid down the edict: "No new taxes". And they are limited by time.

So time will tell the final outcome of the issue and the form of the bill to accomplish the refinancing of our Minimum Foundation Program.

But they [the House, the Senate and the Governor] are aware of the enormous task and are working on it. Just don't be surprised if the final bill bears no resemblance to what you thought it said at first.

Because things have a way of changing up there.

Two wrecks in one hour injure five

Two serious traffic accidents occurred within an hour of each other at almost exactly the same spot about one mile west of D'Hanis on Highway 90 Friday morning.

Though five persons were injured—one of them seriously—no deaths were recorded in the mishaps which destroyed two autos, a truck and a large mobile home.

Investigating officers of the Department of Public Safety saw no connection between the two separate accidents and called the time and location "just a coincidence."

At 9:30 a.m. Friday, April 27, a 1972 Datsun driven by Kevin Wayne Myhaver was traveling east on Highway 90 just west of the Seco Creek bridge near D'Hanis when his auto left the pavement, rolled down an embankment and overturned, coming to rest in the creek bed.

The four occupants—Myhaver, Thomas M. Dowd of El Paso, and two unidentified passengers, all were taken to Medina Memorial Hospital and later airlifted via MAST helicopter to Bexar County Hospital in San Antonio. Their injuries are described as not serious.

Less than an hour later, about 10:20 a.m., at the same location on Highway 90, a 1973 Ford LTD driven by Frank Lewis of Lakewood, Colorado was in collision with a truck and mobile home trailer. The truck was driven by Harold M. Holmgren of Iowa Park, Texas.

The Lewis car was traveling east on Highway 90 when it collided with the westbound truck and trailer, apparently in the westbound lane.

Lewis, alone in his vehicle, was airlifted from Medina Memorial Hospital to Baptist Memorial Hospital with multiple injuries. Holmgren was not injured.

Broom Sale set Tuesday

Tuesday, May 8, is the day everyone wants to remember to keep the house clean—it's Broom Sale Day by the Hondo Lions Club. "We have many more items other

than brooms," says Chairman Bill Green. "There are door mats, wash cloths, towels, mops, gloves and many other items needed around the home."

Challenging the Lions to an evening sale are members of the Hondo Owl Band. Band members said that starting at 5 p.m. they can sell more items in the residential sections than can the Lions.

"I don't know about this," Green said. "They might can but not if our Lions really roar."

The Lions Sale truck will be parked in the parking lot on 18th Street all day and items will be sold in the business section Tuesday afternoon.

"Then we get with it and beat the feathers off the Owl Band members that evening," Green said in urging all residents to help make this a successful sale and provide money for civic activities.

Parachute jumps on schedule

Helicopters and parachute jumps should thrill the crowds at Museum Day Celebration Saturday.

The "chopper" from the Texas Army National Guard out of Austin will set down just west of the Armory and be there for people to view until about noon.

Then they will take off and make jumps out at the Airbase area. The jumps will be from 600 feet and 3,000 feet and can be seen from the Armory area.

"The Airbase jump area will not be open to the public for viewing," a spokesman said.

Sgt. Neil Triplett of the Air Force GCA site in Hondo will assist with the landings and parachutists of the helicopter Saturday.

JOHN RODRIGUEZ . . . Hondo High School Senior who is the son of Mr. and Mrs. Fred Rodriguez, is shown receiving the John Philip Sousa Band Award from Band Director Billy Harrell at last week's Spring Concert. John, who has made All-Region Band on Percussion for the past three years, will major in Music at Texas A&I University next year.

Castroville Mayor shot to death

A gunshot wound early Saturday morning, April 28, killed Castroville's recently-elected Mayor, A. W. (Mike) Morrison, 43.

Morrison was taken to Wilford Hall Air Force Hospital, where he was pronounced dead on arrival, about 1:57 a.m. He had been shot once in the abdomen with a 30.06 hunting rifle.

Morrison's stepson, Steven Allen Rogiers, 17, was arrested at the scene by Sheriff's officers and was arraigned early Saturday before Justice of the Peace Harold Herring. He was charged with murder with malice. Bond was set at \$10,000 and he remains jailed in lieu of bond.

Morrison had upset Mayor Pro Tem Gene Suehs in the April 7 Castroville city elections and had conducted only two council meetings at the time of his death.

Samuel Tschirhart, previous mayor who had declined to run in the April race, has been appointed to serve as Mayor until the city elections of April, 1974.

A. W. Morrison was a native of New Jersey who attended Eastern New Mexico University. After joining the Air Force in 1948, he served 22 years until his retirement

in 1970. He and his wife, Katy, had lived in Castroville since 1968.

In addition to his duties on the City Council, Morrison had served as city marshal of Castroville, and member of the Castroville Volunteer Fire Department, and he was active in the American Legion and

Constitution Commission

The Constitutional Revision Commission began the first of its three-months' series of hearings in the Panhandle and Far West Texas.

Initial hearings were held in Amarillo, Lubbock, El Paso, Midland-Odessa and San Angelo before moving South to San Antonio. A total of 18 hearings will hear citizens' views on how the constitution should be revised.

Witnesses offered suggestions on everything from dipping cattle in cold weather to legislative pay and the rights of individual citizens. Some told the Commission it should move cautiously in changing the constitution.

Further hearings are slated at Arlington, Texarkana, Tyler, Lufkin-Nacogdoches, Houston, Laredo, Corpus Christi, McAllen, Beaumont-Port Arthur-Orange, Abilene,

the Zion Lutheran Church.

At the time of his death, Morrison was an assistant stockroom supervisor at Southwest Research Institute in San Antonio, and he was a co-owner of the K&M Wrecking and Transport Co., Castroville.

Methodists schedule services

Homecoming Week Services are planned all next week by the United Methodist Church in Hondo, with the first service to be held at 7:30 p.m. Sunday.

Services will be held at 7:30 p.m. daily through Friday and will be conducted by former pastors. The public is invited.

The schedule includes: Sunday and Monday—the Rev. H. Ellis Thomas; Tuesday and Wednesday—the Rev. Harold Goodenough; and Thursday and Friday—the Rev. John Berkley.

Legislature has big job

Austin -- Legislators have a lot more left to do than they have done so far in almost four months, according to a release by Bill Boykin of the Texas Press Association.

Of the nearly 1,700 House bills and almost 1,000 Senate bills introduced, fewer than 100 actually have reached the Governor's desk.

If the 63rd Legislature accomplishes as much as the 62nd did numerically (more than 1,000 bills

passed), about 99 percent of the floor action must be capsuled in the brief period before the May 28 adjournment deadline.

Slow-moving debate in the House -- where more than 200 amendments were offered -- on the \$9.7 billion appropriation bill fanned some speculation that a special session may be necessary to complete mandatory work.

Governor Dolph Briscoe, who holds the key to calling such a

session, has made clear he doesn't want one, but at the same time he has urged a school refinancing bill this session.

Senators banged through their \$9.5 billion version of the state budget in an hour and 21 minutes.

In spite of the two weeks spent on the House spending bill, Speaker Price Daniel, Jr. maintained "plenty of time" remains to consider other "must" legislation.

Daniel predicted House passage

of these measures before May 28:

- * Mass transit.
- * Drug law reform.
- * Bills to improve fiscal responsibility in government appropriations.
- * Restoral of capital punishment.
- * Penal code revision.
- * Water district reform.
- * Public school finance.
- * Competitive insurance rating.

CHAMBER CORNER

Housing is still needed in Hondo what with Del Rio Flying Service personnel and others moving in. Take this letter for example:

"I would like some information regarding trailer parks and mobile home sites in the Hondo area. My family will be

moving to Hondo in or around early July of this year.

"... Please let us know any references you might have so we can have a lot when we arrive. I would appreciate it very much.

Cheri Lewis
Columbus, Mississippi."

We are always receiving requests for deer leases and we send out information on many during the year. Many times we never hear from the people again, but occasionally we do, like this letter:

"We have secured a deer lease. We appreciate very much the time and trouble you have gone to in passing your information along to us.

Chuck Northwick
Dallas, Texas"

City and county maps are in constant demand and this is one reason why:

"Dear Sirs:
We would appreciate it very much if you would send us a map of your

town on which are included the names of the streets of Hondo... We want your most recent maps that you have if possible. Thank you for your time and consideration.

Respectfully yours
Shrine of Our Lady of San Juan"

Mrs. Calvin Schott called to say they had signed out their dove lease and thanked the Chamber for its help, not only verbally with a donation. We thank you, Mr. and Mrs. Schott.

The Hondo Chamber of Commerce expressed the deepest sympathy to the wife and children of the late Mayor Mike Morrison and to the citizens of Castroville on their tragic loss.

Now to show a little of what we do a lot of over the days:

Memeographing 2 for Chili Cook, 5 for leases. Letters mailed Cheri Lewis, Columbus, Mississippi

and Roger Calk, Brazoria, Texas; long distance calls made 3 long distance calls received Ann Kennedy from Austin about our Chili Cook, Paul Stoll of Tarpley, Molly Bolin from Austin on federal unemployment.

One call we were pleased to receive came from Dick Roberts of the Texas Highway Department Tourist Division in Austin. He told us he is going to get Hondo Museum and the Tarpley dinosaur tracks in the next Texas Book. That sounds wonderful to me!

Other work included: hunting leases given out or mailed out letters 81, leases 230, new deer lease requests received 7, TEC call in cards 6, TEC call in cards answered 7, TEC phone calls on jobs 6, TEC job orders new 2, repeat 1, job applications new 7, repeat 15, housing and trailer space 11, phone calls on housing 10, Salvation Army pickups 2, Armed Services 3, food commodity 1, maps and brochures picked up 17, Museum Day requests 3, other requests 28.

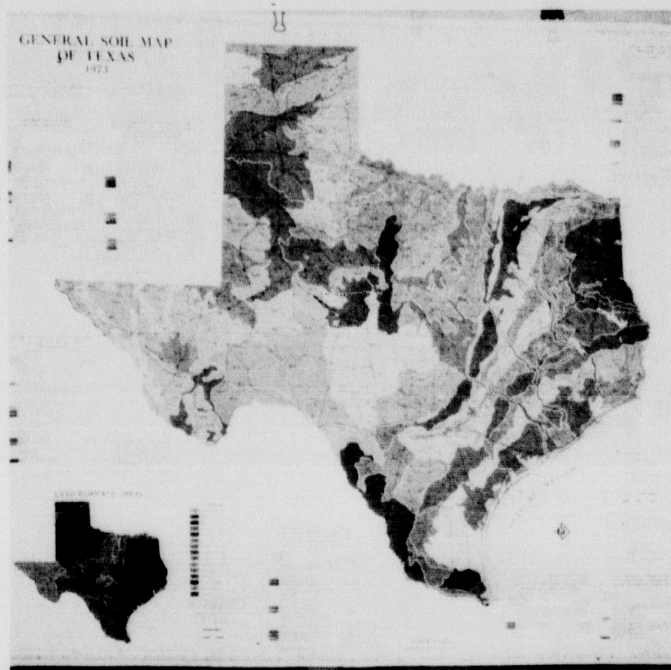

Had letters from James Ruder, Jr. of Houston, Kelly Kehr of Houston and H. A. Nesom, Jr. of Oakdale, Louisiana.

Then comes this letter (which has been answered):

"To Whom It May Concern:

I am planning to move to your area and open a small independent retail store. Could you supply me with a list of your businesses and their size? Also, what type of community facilities does your town offer?

Thank you,
Roger Calk
Brazoria, Texas"

Reginal SCS award winners

D'Hanis Lions Club, Morales Feed Lot, Inc. and KRME Radio have been named Regional Winners in the 1973 Texas Conservation Awards Program. These were entered by the Medina Valley Soil and Water Conservation District.

The D'Hanis Lions Club won in the Civic Group Category and were awarded a plaque for the civic organization, club, community group or chamber of commerce in Region 2 of Texas for the most outstanding contribution to and support of conservation.

Morales Feed Lot, Inc. of Devine was Region 2

winner in the Environmental Improvement - Plant or Industry category and was awarded a plaque for the Plant or Industry for achievement in Environmental Control.

KRME Radio of Hondo was awarded a plaque for outstanding contribution to conservation in Region 2 of Texas.

Region 2 includes 50 counties in Southwest Texas from Blanco County on the east to El Paso on the west and from Big Springs south to Eagle Pass.

Awards were presented at the Texas Conservation Awards Regional Banquet at Abilene Christian College on May 1.

Bandera Electric Co-op gets funds

Senator John Tower announced today that the Rural Electrification Administration of the U. S. Department of Agriculture has approved a loan of \$528,000 to the Bandera Electric Cooperative, Inc. of Bandera.

The loan will finance 52

miles of distribution line to serve 600 consumers and will also finance various system improvements.

Bandera Electric Cooperative, Inc. serves the counties of Bandera, Kendall, Kerr, Real, Uvalde and Medina.

Young men must register

Austin -- Colonel Melvin N. Glantz, State Director of Selective Service for Texas, has issued a statement reminding young men of their responsibility under Federal Law to register with Selective Service.

"The recent nationwide announcement that the draft has ended has misled some of our young men into thinking they no longer are required by law to register with Selective Service. This is incorrect," Glantz said.

The State Director pointed out the fact that Selective Service is being reorganized into a stand-by operation to keep draft machinery operative and ready in case of a national emergency that requires the drafting of young men again in the future. He pointed out that although inductions have ended-the Selective Service System continues to operate and the law continues to require each young man to register with Selective

Service within 30 days before or after his 18th birthday.

Failure to register makes a young man subject to prosecution under Federal Law with a severe penalty upon conviction.

During the reorganization of the System into a stand-by basis, registration may be completed by any one of the 63 Selective Service System Area Offices that will remain open in Texas -- or at points in every Texas County where volunteer workers will assist the young man in the simple steps of registration.

The registrars for Local Board No. 48 in this area are:

Mrs. Charlotte Lafferty in Castroville, Miss Cornelia M. Koch in Hondo, Mrs. Therese H. Fitzpatrick in Hondo, Joy L. Tilley in Devine, John T. Sollick in Devine, J. M. Burkholder in Encinal and Carlos S. Pena, Jr. in Cotulla.

LEGISLATIVE EDITOR

west Texas Junior College in Uvalde, San Antonio College, and the University of Texas at San Antonio. I am most appreciative of the efforts of the Appropriations Committee in assisting me to obtain those items that were important to all of us.

School Financing

Public school financing has dominated most of my time during the past two weeks. I doubt that the Legislature will take action on this measure as the clock is "running out." It is a controversial item and there is a great deal of skepticism about changing the method of funding as it may increase local taxation.

This is an issue that we must come to grips with. It is my hope that we can take the necessary time during the interim to fully study this proposal and arrive at an equitable manner of funding the education of our school children.

Visit Austin

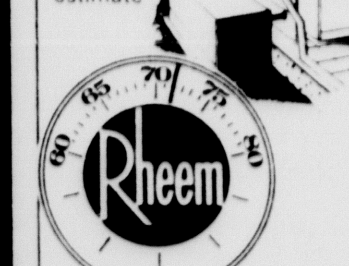

To make your Austin tour more meaningful, it would be helpful if anyone planning to visit the Capitol would call my staff in Austin so that we might make the proper arrangements. This is usually an historic event and in many cases the only time some individuals have of observing the legislative process in action; therefore, I would like to make it an occasion to remember for our constituents who are planning this tour. It is more advantageous to me and my staff if we can have one week's notice.

As usual, we are pleased to have anyone at anytime with or without notice. It will just help us make better arrangements for you if we are notified in advance.

Gregory Rothe graduates Cum Laude Texas A & M

College Station—Gregory E. Rothe of D'Hanis will graduate Cum Laude May 5 with a Bachelor of Science degree in Agricultural Engineering from Texas A&M University. He is the son of Mr. and Mrs. Lawrence Rothe.

A degree in Agricultural Engineering means that Greg will be eligible for registration as a professional engineer. He will apply engineering principles to problems of agriculture and related industries.

In four years of rigorous study, Rothe has received basic engineering courses, plus advanced mechanics, thermodynamics, heat and mass transfer and electronics. He has applied engineering principles to water management, machinery design, handling and processing of agricultural products, waste management and plant and animal environment.

"The whole idea," says Price Hobgood, head of the A&M Agricultural Engineering Department, "is to provide knowledge for the efficient production of food and natural fiber for human comfort and well-being."

Agricultural Engineering is a diversified field, he pointed out. Graduates are in food, feed and fiber processing; mechanization and automation of equipment and systems; environmental control; conservation of natural resources; design of machinery and structures; and research into new sources of power and energy.

As a result, agricultural engineers are much in demand, the department head said. Career opportunities are in such areas as design and development, engineering management, private business, foreign service, private consulting, research in government agencies, research in industry, sales management, teaching, state extension services, and in communications and technical journalism.

Crop loans re-opened

Farmers in Bexar, Comal and Medina Counties, who have suffered crop or property losses because of any natural disaster from January 1, 1972 to June 19, 1972 and who have not received an Emergency Loan at the Farmers Home Administration County Office, 651 South Main, San Antonio, or Medina County Office every Tuesday from 10 a.m. to noon at the Courthouse in Hondo, may apply on or before May 8, 1973.

Applicants who apply by the deadline will be considered for Emergency Loans at 1 percent interest.

In addition those who qualify will receive a forgiveness benefit on their loan of not to exceed \$5,000 based on losses that are uncompensated by insurance or otherwise.

Where the disaster involved damage to rural homes loans are available with the same interest rate and forgiveness benefit.

RANGE MANAGEMENT . . . Bruce Foster, second from left, outlines a pasture rotation system on the board for Young Farmer President Wilbur Lindeburg, left, and Dr. Bob Ragsdale and Garry Hoffman, Extension Range Specialists from Texas A&M University. The specialist presented a program on range management and brush control at a seminar sponsored by the Hondo Young Farmer Chapter on April 17. Good conditions for brush control

Excellent moisture should provide good growing conditions for effective chemical brush control this year in the Medina Valley Soil and Water Conservation District.

Tordon 225 Mixture Herbicide is the newest chemical for brush control. It is available for use on mesquite in Texas.

Selected aerial applicators are authorized to sell and apply the chemical. It must be used under prescribed conditions by these professionals and is not available for use by the rancher himself.

On the average, Tordon has achieved a root kill of close to 50% on mesquite.

The label approves Tordon 225 for the control of mesquite but has given good to excellent control of many brush species, particularly blackbrush, granjero, twisted acacia, small huisache, catclaw, tasajilla and prickly pear.

Species not effectively controlled by present recommended rates include lotebrush, agarita, Texas persimmon and whitebrush.

Brush control must be followed by careful range management if it is to pay.

A sprayed pasture should be deferred for at least one growing season to give grass time to re-establish itself. This should be followed by sensible stocking and deferred or rotation grazing systems to maximize grass and livestock production.

AACOG reveals open space plans

What will happen to the region's prime agricultural lands, historical sites, scenic areas, aquifers and other important open space lands within the next 20 years?

The AACOG Open Space Plan, recently adopted by the Executive Committee, addresses the need to provide now for wiser future use of the region's open space lands and resources.

The report, the final one in a series of three, deals primarily with the use of utility open spaces — areas such as aquifer recharge zones, agricultural lands, mined lands and other resource lands of critical functional value.

It also updates and refines the two previous reports which covered corridor open spaces — floodplains, rights-of-way of movement and transportation, etc. — and green open spaces — parks, greenbelts, historical sites, etc.

One of the policies adopted defines regional acreage standards for public use open space (90 acres per 1000 population), and stresses the need for additional land dedicated to this use. In comparing the standards against existing regional acreages, the report reveals that there is a void in total public recreational land in the AACOG region. Of the 89,374 acres desirable for public recreation use, only 14,483 currently are in use.

The Open Space Plan recommends that the existing manpower and equipment resources in the region be pooled to provide more recreational areas. It points out that the funds and expertise which exist in the cities could be used for the benefit of both urban and rural population. Existing public agency personnel and equipment outside the cities could be applied towards the maintenance of new areas.

The policies adopted by the Executive Committee can be used by various public and private developers of open space to accomplish the goals and fulfill the needs for open space in the AACOG region. If properly assessed and applied when needed, the new policies will:

- assist in the management of floodplains to prevent the loss of life and property due to flooding, and enhance the quality of water in the region.
- assist in protecting the underground aquifer and recharge zones of the region through the use and strict enforcement of TWQB orders, zoning and code enforcement, floodplain management, water well permit and inspection procedures, projects designed for open space preservation, and other means.
- help to preserve the Class I and II soils in the region for agricultural use, by encouraging project locations which do not permanently remove these soils from agricultural production.
- seek to preserve or protect the unique or significant scenic, historic, scientific, and environmental assets within the region.

— promote the use of intergovernmental contracts and agreements for the joint funding of open space developments.

— provide additional neighborhood parks, parkways, plazas, malls and similar areas for use by citizens of and visitors to the region, especially in those areas where need is significant and a shortage of such areas is obvious.

— help to prevent or correct urban blight, either through beautification, urban shaping, or other projects designed to improve aesthetics.

— promote opportunities for private investment in recreation and open space developments which would help meet open space goals and fulfill needs.

— promote the development of mined sites and liquid and solid waste disposal sites for public-use open space, where such development is feasible and would contribute to reaching the regional open space goals.

The plan emphasizes that the adopted policies are only as good as local commitment to their interpretation and application will make them. The proper use of the policies can strengthen individual and collective local government abilities to more adequately direct the proper use of the open space lands in the region.

MAST Radio for Hospital

Medina Memorial Hospital, Hondo, is now using a portable radio unit to communicate with the U.S. Army MAST helicopters on their emergency missions to Hondo.

The Hondo hospital was one of five in the area to have the machines supplied through a cooperative effort by the City of San Antonio, MAST officials at Ft. Sam Houston, and the Alamo Area Council of Governments. Other units are on loan to hospitals at Gonzales, Crystal City, Floresville and Cotulla.

The radios allow hospital personnel to brief the MAST medic on the condition and needs of the patient to be transferred, and it can be used to alert the crew of changes in the mission.

The hospitals were chosen to use the radios on the basis of the number of patients they send via MAST (Military Assistance to Safety and Traffic) and the needs of the community in which the hospital is located.

To be Really Cool this Summer, Be Sure to Buy the Right Equipment

When you decide to "go electric" for clean, healthful central air conditioning, be sure to install the right equipment. Your Rural Electric friends can help you.

- THE UNIT SIZE is important. You get the full advantage of electric cooling only if the equipment is right for your home. (Think about electric heating, too.)
- OUTDOOR TEMPERATURES in your area must be considered. If the equipment's cooling capacity is too great, dehumidification may not be satisfactory.
- GOOD INSULATION is a must for satisfactory operation of electric comfort — cooling or heating.

Contact your Rural Electric system for insulation tips and other money saving, electric saving ideas. Electricity is too good to waste.

The electric way is clean.

Gravell - Honig vows exchanged

Miss Sandra Gravell and Weldon Honig were married Saturday evening, April 14, 1973, in ceremonies at Beitel Memorial Lutheran Church in San Antonio. Reverend Ralph C. Ablin officiated.

her father, the bride wore a floor-length, light blue lace over satin gown. Her shoulder-length veil was of light blue illusion caught with blue satin rosettes. She carried a spring bouquet.

Miss Caryl Robertson was maid of honor. She wore a light yellow gown and carried a bouquet of yellow daisies.

Ronald Bohmfalk was best man. Parents of the couple are Mr. and Mrs. John Gravell and Mr. and Mrs. William Honig.

A reception was held in the church social hall. The serving table was centered with beautiful white gladiolas, carnations and daisies.

Mrs. John D. Gravell of Irving, sister-in-law of the bride, cut the pretty two-tiered cake which was topped with a miniature bride and groom. Mrs. Emanuel Honig of Lubbock, sister-in-law of the groom, served punch.

After a short honeymoon, the couple resides in San Antonio where Mrs. Honig is employed as a secretary at the Methodist Hospital. Mr. Honig is employed at a welding sales and service shop in Hondo.

All she wrote

by Edna McDade

ONIONS, the subject is. Sydney Smith [1771-1845] was an English clergyman, essayist and wit and a man of many talents. Among his various literary contributions is listed "Recipe for Salad" which recommends: "Let onion atoms lurk within the bowl/And, half suspected, animate the whole."

A prescient chef and well ahead of his time, he might have looked as far as more than a century into the future to have foreseen that in A.D. 1973, onions were going to hit a price that would preclude the addition of more than an atom or two to the daily salad.

My memory runs back to the earlier 1900s when my father, John A. Gray, was among the pioneer growers of Bermuda onions in Laredo. One year when the harvest yielded beautiful Bermudas, the grower cooperative shipped a carload to an eastern market. The market dropped to a sudden low and the shippers wound up having to pay freight charges on the car and yield to the broker's insistence that the only thing to do was to destroy the onions!

That was when onions [like the old song about spearmint gum] "lost their flavor" in the salad bowl overnight!

When I opened page 4B of the CC Caller of April 25 [exactly eight months before Christmas], I recognized the handsome profile of our Rep. JOHN POERNER, D-Hondo, in a news pix which accompanied a story about the sidetracking of a school bill "designed to equalize the public schools of rich and poor districts . . . etc., etc."

Why must education so often be made a matter of controversy and penny-pinching? I don't know. I'm just asking!

A gracious note from JEWEL [Mrs. Nick] RIFFF acknowledged a news clipping [from the Refugio County Press] which announced the engagement of Glen and his pretty fiancée whose middle name is Susan. If they make their home in Hondo, the city will then have two Susan RiffFs.

The other is my grandniece, a sophomore at HHS, and the daughter of the DOUGLAS [Harriet] RIFFFs.

JON TYNER, now of Peersall, and my son John were classmates at St. Mary's U. S. A., probably more years ago than either would have believed could ever be possible then. Time, like little dogies, gits along.

Among the Easter greetings I received was one from Jon T. who, through all the years I have known him, has remembered me on most card-sending anniversaries, bless his never-failing thoughtful courtesy.

"Grace before meat" [even when we had meatless meals] was a custom which our family followed faithfully, "taking turns".

One of my favorites [because of its 'funny' spelling] was Robert Burns' The Selkirk Grace: "Some hae meat and canna eat / And some wad eat that want it / But we hae meat and we can eat / And sae the Lord be thankit."

When our freezer yielded a forgotten choice steak for Monday's dinner, I quoted Bobbie Burns, with fervor.

The whooping cranes which/who spend their winters in our neighboring Aransas National Wildlife Refuge [established 1937] are reported en route to-if they have not already arrived at their summer quarters on Great Slave Lake in NW Canada.

I had planned to visit the Refuge this past winter but the weather and I couldn't synchronize plans. Maybe next year!

Remembering a pleasant visit to the Duncan-Strunk Kindergarten a few years ago, I was delighted to meet this year's "student body" in a recent picture.

Although the line-up was "scrambled" I did manage to identify TOY WINKLER, JAMES PEDEN, MARK ADAMS, BRIAN LUTZ and SARAH POERNER "for sure" and a few others "for maybe".

Among these boys and girls are the HHS handleaders, queens, sweethearts, lettermen, football greats, of, say, 1984 or so?

Might even include a future county judge or sheriff, maybe a mayor or a tax collector - if the present incumbents decide to yield their posts.

Many among my readers will be able to reminisce: "Why, I remember him or her when he or she was in kindergarten!"

He is also survived by many nieces and nephews.

Seniors '74 announce raffle winners

The Senior '74 Club held a drawing April 28 in front of the Hondo National Bank.

Winner of the first prize, a television set, was Edmond Lively. Irene Cox won the second prize, a Digital clock radio. Third place, a hand-crocheted shawl, went to Travis Samford.

4-H Clothing Training meeting set

A 4-H Clothing Training meeting on "Hems" will be presented on Wednesday, May 9, at 4:15 p.m. in the meeting room on the third floor of the Courthouse in Hondo.

All 4-H Clothing leaders and 4-H members are urged to attend this training. Anyone else who is interested is invited to attend this free program.

Suitable hemming techniques that should be used on different fabrics will be discussed by Mrs. Bippert.

Yancey senior named to Dean's list

Huntsville - Jo Ann Heiligman, a senior from Yancey, was named to the Dean's List at Sam Houston State University for the fall of 1972.

In order to be named to the list, a student must have an overall grade point average of 3.0 (B) for that semester.

Miss Heiligman, a health major and the daughter of Mr. and Mrs. Jimmie Heiligman, posted a grade point average of 3.5 for the fall semester.

Bethlehem Lutheran to honor pastor

On Sunday, May 6, the Bethlehem Lutheran Church will honor their pastor, Rev. William Durkop, with a covered-dish lunch following the Sunday services. They will help Rev. Durkop celebrate his 20th anniversary as pastor of the Quihi congregation.

Also on Friday, May 11, the ALCW will have a Mother-Daughter Covered Dish Supper at 7 p.m. in the Parish Hall. All members are urged to attend and bring their grandmothers, mothers, daughters, daughters-in-law or bring a friend, but please come. For information call Mrs. William Grell, 426-3680 or Mrs. Melvin Dittmar at 426-3674.

Mrs. Schofield recognized by TIPA

Corliss Balzen Schofield was recognized at a recent Texas Intercollegiate Press Association Convention in Arlington for outstanding journalistic talents.

She received a third place award for an article written for the December, 1972 publication of the Pensador, a student magazine. The article was a feature story about a college teacher.

Shower honors Miss Cathy Carter

Miss Cathy Carter was honored on Saturday, April 28th, 2:30 to 4:30 p.m. with a shower tea held at Reid Hall in the First Baptist Church of Hondo.

Owl District hopes dead

All District title hopes of the Owls have been erased by a tough week of baseball that included a shutout and a no-hitter in consecutive games.

The Carrizo Springs Wildcats posted a 6-0 win over the Owls Friday night, scoring five of their runs in a wild fifth-inning spree.

Jimmy Garcia was the winning pitcher for the Wildcats while Bobby Spears was the loser.

Carrizo slashed nine hits in the game with pitcher Garcia and third baseman Juan Campos accounting for five of those hits.

The Hondo Owls were blasted further out of the District race by a fired-up Medina Valley baseball team Monday afternoon at the Panther diamond.

Playing a make-up game for an earlier rainout, the Owls were caught flat-footed by Orange hurler David DeCock. He rolled up not only a shutout, but the first no-hitter tossed at the Owls all year. DeCock allowed only two Hondo base runners during the game, one on a walk and the other on an error.

But neither slip hurt much, though. The runners never reached second base-one was cut down in a double play and the

other died on base. DeCock struck out a total of nine Owls in the game.

James Prescott took the loss for Hondo.

Tuesday afternoon, things were not much better for the Owls. The Pearsall Mavericks defeated Hondo 4-1 in a game that saw all Pearsall hits and runs in a wild fourth inning rally.

The Mavs bunched two doubles, four singles, two walks, a stolen base, and an error all in the fourth frame. The rally was finally ended as a Pearsall baserunner was cut down by a throw to the plate as he attempted to score.

Tony Muniz started for the Owls and was relieved in the fourth inning by Bobby Spears. Muniz took the loss for Hondo while Jimmy Jasso was credited with the win for the Mavericks.

Hondo gathered three singles in the game by Bobby Cox, Ernie Dominguez, and Gordie Bohm-falk. The Owls missed out on two scoring opportunities in the game. The bases were loaded with only one out in the first inning, but Hondo could not score. The same situation in the sixth inning produced the only Owl run of the contest.

THAT TIME AGAIN . . .
Little League Baseball teams will open their 1973 season Monday, May 7. This team, the Hornets, will be in on the Minor League opener on May 8. The Hornets are coached by Glenn Schweers.

Eagles lose to Cubs 7-3

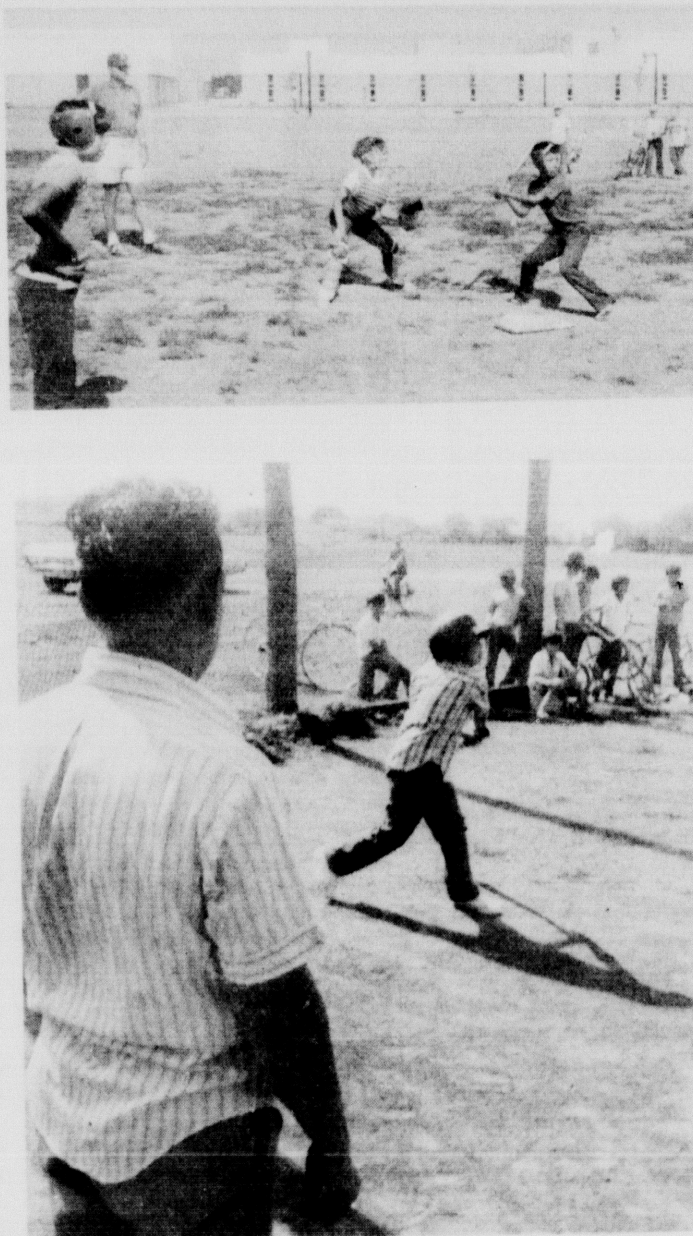

Seven errors kept the Hondo Eagles from keeping up with the Fredericksburg Cubs Sunday in a game played at Fredericksburg.

The Eagles started off strong as Johnny Miranda blasted a first inning home run, but the Cubs shut down the Hondo scoring machine to win, 7-3.

Hondo added two runs in the eighth as Vee Arcos and Rusty Beard scored for the Eagles. Arcos led off the inning with a walk, but the next two batters struck out. Rusty Beard then singled. A long fly to right field by Johnny Abrego resulted in a Cub error and Arcos scored. Beard crossed the plate as Faseler singled again for Hondo.

Winning pitcher for the Cubs was Reck who struck out ten, walking four. David Beard took the loss for Hondo. Beard struck out three and walked five before being left in the seventh for Johnny Abrego.

Leading Hondo hitting was Myron Saathoff, who singled twice for the Eagles. Miranda's home run, and singles by Rusty Beard, M. Faseler and Robert Blackshear were the other hits on the Eagle tally.

AGGIES . . . will help open the season Monday with a game against the Pirates. Here they work out at McDowell School. The Aggies are coached by Roy Carmona.

Cardinals lose one to Boerne White Sox

The D'Hanis Cardinals are now 1-2 for the season after a ninth-inning two-run rally by the Boerne White Sox erased a 7-6 D'Hanis lead to win the game.

Walt Rothe of the Cardinals took his first loss against one victory and Tomasini of the White Sox picked up the victory in relief of Duke and Jenschke, who went eight innings for the Sox.

The Cards took a brief 1-0 lead in the third

inning. Ray Bendele scored on a third base error as hitter Rusty Attaway went all the way to third base.

A home run by Duke in the bottom of the third tied the score, and the Sox added five runs in the next three innings, against four for the Cardinals.

Down by a 6-5 margin in the top of the seventh, Rusty Attaway blasted a solo home run to once again deadlock the game.

Johnny Zinsmeyer added a go-ahead run in the top of the ninth as he walked, stole second, and scored on a sacrifice fly by Attaway.

The bottom of the ninth saw the D'Hanis lead erased as Knoll was hit by a pitch, then Eickeloff and Jenschke hit back-to-back singles to score Knoll. Eickeloff scored on a shortstop error on a Valdez grounder.

Hill Country play resumes

Area teams in the Hill Country League have a full slate this Sunday with one bout between county teams.

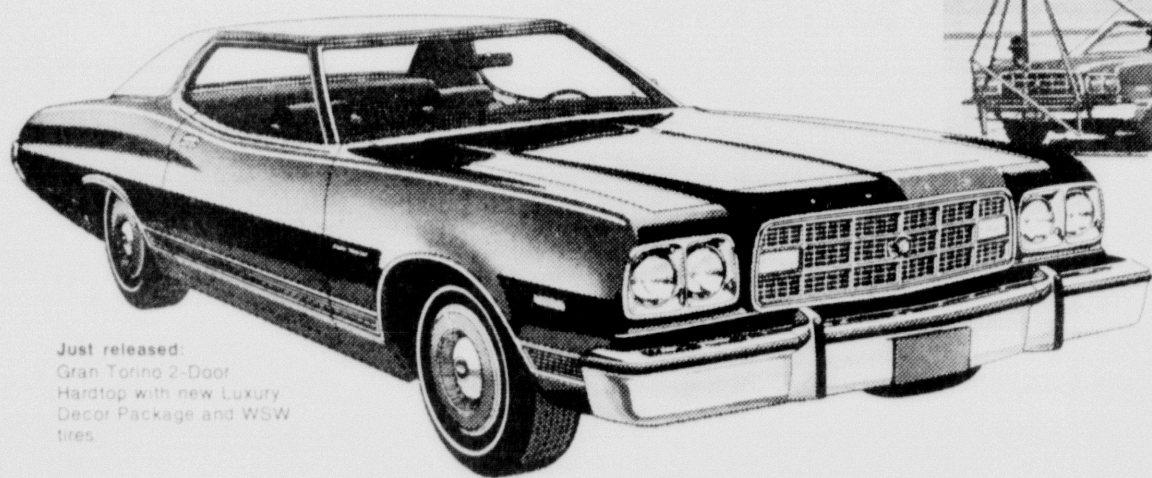

Medina Valley's 90's and the D'Hanis Cardinals will play a 3 p.m. game in Castroville, their first meeting of the 1973 season. These two teams have a long-time rivalry

that predates the Hill Country League, going back to the days of the Highway 90 League of the thirties.

Hondo's Eagles will be at Kerrville to take on the Giants of that city.

In other league action, Boerne is at New Braunfels and Fredericksburg is off.

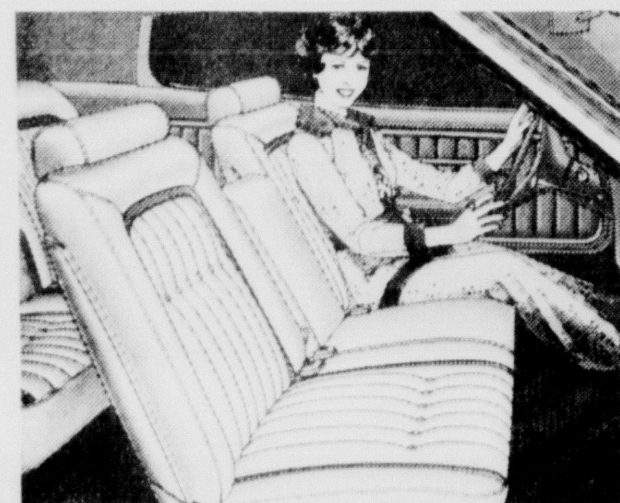

High wire artist demonstrates Torino's incredibly smooth ride.

Just released. Gran Torino 2-Door Hardtop with new Luxury Decor Package and WSW tires.

It took a lot more than a smooth ride to make Ford Torino the best selling car in the mid-size field.

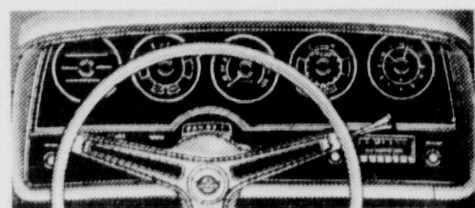

The closer you look, the better we look.

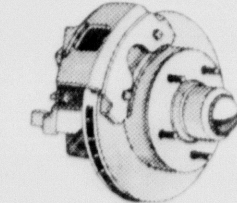

Surprising luxury in a mid-size car. Pictured above is the interior of the Gran Torino with Luxury Decor Package.

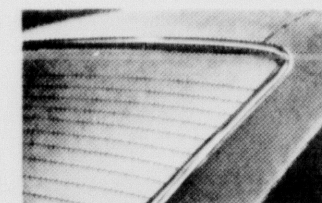

Optional AM/FM stereo radio with front and rear dual speakers.

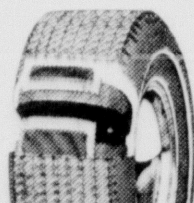

Torino's instrument panel. All gauges are easy to read, controls within easy reach of driver.

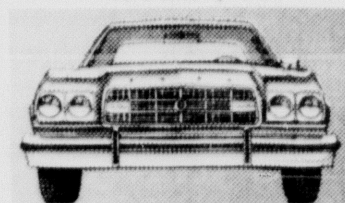

Front disc brakes are standard on Torino. Power front disc brakes optional.

Optional electric rear window defroster. (Torino's major competitor doesn't offer it.)

Torino offers optional steel-belted radial ply tires on all models.

A longer wheelbase and wider front and rear track than major competitor, for a smooth, stable ride.

Behind Torino's smooth ride are better ideas in engineering. Like angle mounted shock absorbers for increased directional stability. Rubber body/frame mounts that help isolate the passenger compartment from road shocks. And a coil spring rubber-insulated front suspension that helps minimize noise and road vibration.

Inside you'll find expansive room up front. Plus the kind of luxury you'd expect from high priced automobiles.

So take a good, close look at Ford Torino for '73. Discover why it's become the best selling car in the mid-size field.

Piano auditions planned

Fifteen piano pupils of Mrs. R. A. Rodgers are entering the National Piano Playing Auditions in San Antonio on Friday, May 11th.

Those entering the District Division with six memorized pieces are: Michele Biediger, Melissa Boehme, Lori Dittmar, Glenda and Stacy Elder, Sherri Grell, John Mangberger and De'Ann Wiemers. Laura Jungman is entering State with seven memorized pieces and Renie Gilliam is entering the Social Test Division.

Those entering National with ten memorized pieces are Darlene Formann, Janet Mangold, Melanie Muennink, Ann Tschirhart and Cynthia Zinsmeister.

Mrs. Rodgers' music pupils will present a recital Sunday, May 20th, at 2:30 p.m. in the Audio Visual Room of Hondo High School. Everyone is invited.

VOE MEMBERS COMMENDED . . . Four Hondo High School Vocational Office Education students are commended by Victor Comptometer Corp. for their proficiency in operating an electronic calculator. Receiving Letters of Commendation were Denise Wiemers and Eva Alarcon (front row). Shown at rear are Mrs. Gwartney, VOE instructor; William Green, who received a Gold Certificate; and Cynthia Eckhart, who earned a Silver Certificate. Presenting the awards is Pete Pedroza, Victor representative from Anvil Office Supply, Hondo.

SWTJC Exes plan meet on May 5

The Southwest Texas Junior College Ex-Students Association will hold its 1973 meeting on Saturday, May 5, at 7 p.m. in the college cafeteria on the campus in Uvalde.

A barbecue dinner will be served for a nominal cost.

Along with entertainment and various reports,

Sheriff's Dept. gets new radios

Sheriff's officers will no longer be drowned out on their radios by other transmitters, after September, thanks to a new system of regional radio communications developed through AACOG (Alamo Area Council of Governments).

The first of the mobile radios and transmitting towers will begin arriving this month in Medina and Wilson Counties. The two were selected to be the first recipients after an engineer's evaluation of the inadequacies of present equipment.

Present low-band equipment is more than 20 years old, and transmitting officers are often drowned out by transmitters in New England and even South America. As all departments in the region are now on the same frequency, transmission often depends on who can yell loudest.

The new system will have VHF (very high frequency) units, with each county on its own frequency, which will not be repeated within a 75-mile radius.

Each system will have four channels. They will carry the county frequency, inter-city frequency, and mobile-to-mobile frequency so that sheriff and police cars can communicate with each other.

A fourth channel will be open to whatever frequency the departments may want to add.

Notaries must re-file

Secretary of State Mark W. White, Jr. announced that all presently commissioned Notaries Public desiring re-appointment for the new term which begins June 1, 1973 and ends June 1, 1975, must pay the required fee and file a new oath and bond with the County Clerk between May 1, 1973 and May 15, 1973, inclusive.

Secretary of State White further stated that any person not now a Notary Public who desires appointment for the beginning of the new term on June 1, 1973, should apply to the County Clerk before May 14, 1973. The required application forms may be obtained from the County Clerk.

White emphasized that Notaries Public should not send requests for appointment or for commissions directly to the Secretary of State inasmuch as the law specifically requires that the County Clerk approve Notary Bonds and forward copies of the application to the Secretary of State.

Old locker plant to become center for all type meets

The former Hondo Locker Plant building (between the stoplights in Hondo) which served the community for 25 years as a processing plant has been leased and is getting a facelift at the present time.

Isidro Suarez, now living in Hondo, is busy with the conversion of building to an inter-cultural center for young and old.

The "Heart O' Hondo" Center will be available for dancing, games parties, civic and businessmen's meetings and conventions. Catering service will be available for occasions such as baptisms, weddings and receptions.

anniversary parties, debuts and teenage pageants.

For dancing pleasure featured bands will be programmed including Popular music, Country and Western, Latin American and Hard Rock types of music. "Something for everyone" is the goal of the center.

If help and space are available a restaurant is being considered as a permanent part in the future.

Planned opening date is August 1, 1973, though Suarez says work is going smoothly at this time and a July 1st opening is possible.

Museum Day Celebration

Come on out to Museum Day Celebration Days Saturday and Sunday--you'll have plenty of fun!

Saturday is the day for festivities and there are

plenty of them. It will kick off at 2 p.m. with an Owl Band Concert. And Sunday the Antique Auction will offer more than 400 items.

Big events on Saturday include: the first annual South Texas Championship Chili Cook, the Art Show and Sale, the Barbecue Chicken supper,

the Gay Nineties Dance.

Then comes: the Country Store, the Purple Petticoat, the Homemade Bread Baking contest, Fish Pond Ringo cold

drinks, hot dogs, balloons, baseball dunk, Sidewalk Cafe, ice cream, all kinds of music and square dancing.

Tables will be set up to sell buttons, plates and sketches.

And entertainment is slated throughout the big day, winding up with two dances. At the Armory Ronnie Mason and his Western Swingers will play for a Country and Western Gay Nineties Dance. And at Hondo City Park Ramon Villa and his orchestra will play for a big dance.

The Antique Auction has been split off this year and will be conducted Sunday, beginning at 1 p.m. at the 4-H Show Barn next to the Hondo Livestock Auction.

President Frank Graff says that auctioneers Frank Helvey, C. D. Foster and Potsy Groff will sell more than 400 items ranging from pitchers made in England more than 100 years ago to clocks, deer blinds, wagon wheels, bottles, insulators, horse collars, and on and on.

Soft drinks will be sold at the Auction by a group of young girls wanting to "do something for the Museum."

There's no doubt about it--THERE WILL BE PLENTY OF FUN AND FROLIC in Hondo Saturday and Sunday. Won't you come out and join everyone in enjoying it?

Seven Show will carry publicity

A great publicity boost will be given the fourth annual Museum Day Celebration Friday morning when it will be featured on the KSAT-TV (Channel 12) Seven Show.

Three persons will represent the Celebration and describe all its fun and frolic to Channel 12 viewers. They will include Mrs. Eddie (Donna) Wernette, Rep. John Poerner and General Chairman Burnis Lawrence.

The Seven Show originates live daily Monday through Friday from Channel 12.

And the Seven Show will be represented at the big Museum Chili Cook by Rick Rodriguez, one of the stars of the Show. Rick will serve as a judge.

Food, food

Food, food, food--all the fine eats one can hold--will be available for every tastebud at the big Museum Day Celebration Saturday in Hondo.

Probably the most aromatic, tantalizing food will be the chili cooked by the many entries in the first annual South Texas Championship Chili Cook which will be ready sometime in the afternoon.

And that chili can be eaten with some of the finest homemade bread one ever lapped his lips around. For the bread baking contest coincides with the big chili event.

Then comes that ever-desired delicacy loved by children the world over--the hot dog with mustard and relish.

For desert? Well, take your pick. There should be an abundant serving of bunelos, that tasty Mexican-American pastry. And there will be pies and tea or coffee sold at the Sidewalk Cafe. And last but not least there will be ice cream available for all the kids--young and old.

Main meal of the entire day will be delicious barbecue chicken which will be served at 5:30 p.m. Advanced tickets are now on sale at \$1.75 per plate.

BIG JOHN'S A COMING! . . . Yep, pohdnah, Big John Hamilton is coming to the Museum Day South Texas Championship Chili Cook on May 5. He might not ride in on a "big white hoss", but he'll be here bigger than life and you can bet your last peso on that. The owner of Big John Steak Houses in San Antonio has "rode across the plains" in 15 movies and 50 TV shows. His movies include: "The

Alamo" with John Wayne, "Two Rode Together" with Jimmy Stewart, "McLintock" with John Wayne, "Undeclared" with John Wayne and "Sugarland Express" with Goldie Hawn and Ben Johnson. His TV appearances have been on Gunsmoke and Bonanza mostly. But he'll be at the Chili Cook in person, so Y'all Come see him.

Homemade bread entries total more than 30 now

The good taste and tantalizing aroma of fresh, homemade bread will greet spectators Saturday at the Museum Day Celebration Homemade Bread Baking contest.

Mrs. Bruno (Lillian) Schweers heads this popular contest and says she has more than 30 entries from Bandera, Tarpley, Devine, Dunlay, Hondo and even Three Rivers.

"We'll have more by Saturday," she said. "And we would like to have more men enter. We have one or two now, but need more."

The contest has two categories, white, and wheat or rye. There is no

limit on the size of the two loaves to be entered in each entry.

"One loaf will be for testing and the other will be sold with proceeds going to the Museum," Mrs. Schweers said.

She believes this will be a contest that will continue to grow. "In fact we are considering the possibility of auctioning off the overall winner and the first two place winners," she said.

Each division will have a first, second and third winner and then a champion will be selected. Mrs. Schweers has made some beautiful rosettes for the winners.

HUNTING BLINDS . . . come high around these parts and good ones like these are hard to find. Built by the special educations trades class, supervised by Hubert Hermes, these two blinds will be on sale at the Antique Auction come Sunday afternoon at the 4-H Show Barn on the Airbase. Terri Young inspected one of them Sunday afternoon. In the foreground are two wagon wheels which have always been popular at the Museum Day Auction. Cold drinks will be sold Sunday afternoon. Frank Helvey and C. D. Foster are auctioneers.

DUDED UP JUDGE . . . State Representative Jumbo Atwell, an expert from way back in the chili-tasting field, is all duded up and ready to come to Hondo. The Dallas Representative will be a judge in the first annual South Texas Championship Chili Cook Saturday during the Museum Celebration Day event. Rep. Atwell was extended an official state invitation by Hondo's Rep. John Poerner and then told General Chairman Burnis Lawrence last week: "This will be me in Hondo. I'm looking forward to a wonderful time with all the people." [Photo Courtesy The Duded Up Judge]

Chili judges range from pretty to ..well, to top-notch experts

Judges in the first annual South Texas Champion Chili Cook probably will have a difficult time in selecting the top chili Saturday at the Museum Day Celebration, but for sure they will be pretty, colorful, expert, and a few other descriptions.

Pretty is the word for four female judges who all are well known in the area from appearing on the air over television on Channel 4 and Channel 5.

Martha Buchanan and Linda Burton will represent Channel 4 (WOAI-TV) and Mary Denman and Rita Trevino will do the same for Channel 5 (KENS-TV).

The other beauty will be Hondo's own Mary Nelda Morin.

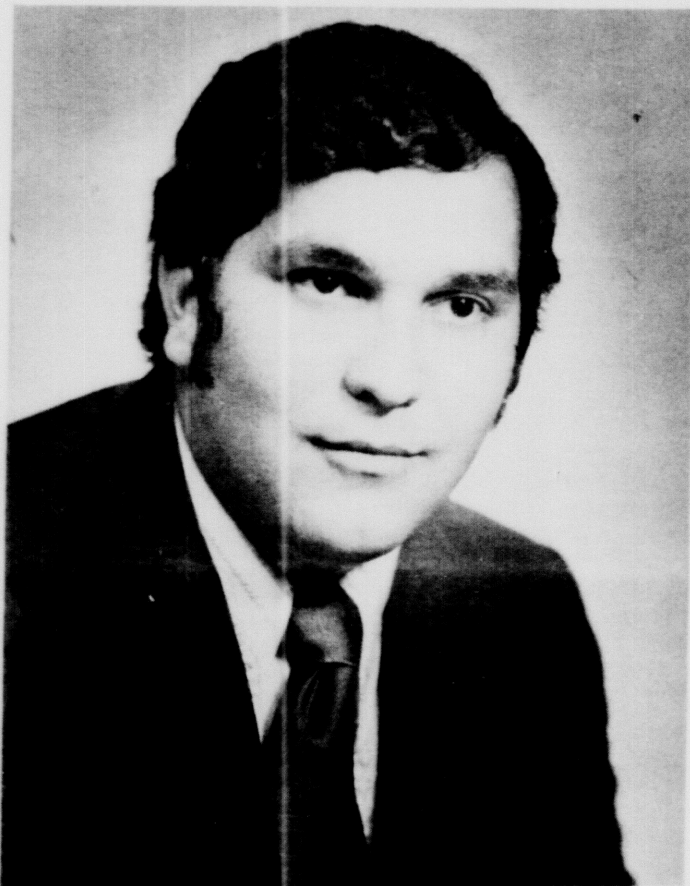

Rep. Jumbo Atwell of Dallas probably will be the most colorful judge as he arrives in his special costume.

The military will be well represented by Maj. Gen. Thomas S. Bishop, Adjutant General of Texas; and Maj. Victor Hernandez of Fort Sam Houston.

Another television star doing judging will be Rick Rodriguez of Channel 12 (KSAT-TV), and from Austin we'll have Mary Faulk Kooek, who will represent the Texas Star.

Enrique Vasquez, the Armadillo King of Uvalde, will be on hand to lend his expertise in the judging field.

And then we will have Judge Jerome Decker, Bill Wallace of Devine and Eddie Wernette of Hondo or Tarpley.

RICK RODRIGUEZ . . . of the Channel 12 Seven Show will be in Hondo Saturday to give his expertise on chili by serving as a judge in the first annual South Texas Championship Chili Cook. He says he should know good cooking when he sees it, for he has gained a lot of experience being a bachelor cook.

Brassy bunches boast beating big, bad Brazos Barristers

When it comes to mixing up a pot of good RED or having fun, the Brazos Barristers Inc. of San Antonio think, and will insist, they are the best ever created.

But, hold the cotton picking chili peppers just a dang minute on deciding they are. For they have been challenged by four groups from San Antonio who say they are going to leave the Barristers standing in the shade Saturday at the Chili Cook at the Museum Day Celebration.

Who are these groups

who dare have the audacity to stand up and challenge the Barristers who have cooked from the absolute ghost town of Terlingua to the ghostly town of Washington, D. C.?

Well, let's see:

There are the Pier Apartments Parhanas. They are headed by Ray Wilkinson, Howard (the Super Jew) Mongite, Pete Kallison and Bill Boegelein.

Then come the La Fiesta Apartments Borrachos. Their fearless leaders are Larry Van Horn, Henry Casanova, Linda Wheeler, J. D. (Shady) Strickle, Jimmy (Peter Rabbit) Dalten and Diane Brown.

And another of the audacious challengers are the Global Land Corporation Canyon Cannons who prepare that Boom-Boom Chili and Beans, "the Shot Heard Around the World." Fronting this group are Lucy Johnson, Mary Nell Thompson, Linda Bradley, Dane Walker and Lu Guzik who carries the title of president.

Last but not least by any means are the Brookhollow Apartments Boozers who claim for everyone to hear "they'll not only will bring their chili pot but will be there to win." This group includes: Bebe Wandel, Debbie McNeill, Lon Fountain, D. L. Richey, Jim Riley, Jim Musier, Elmo Baker, Bob Martin, Larry Sunza, Dee Scroggins, Cyd Ehlers, Gerry Crouch, Jean Murray and Jean Muzzy.

This Brook Hollow Boozers gang is brassy. They even give an explanation of their chili to prove its worth. They say, "It's the real thing."

"The Brookhollow Boozers live on the creek down in the hollow in San Antonio.

"Their famous Chili originated with their ancestors who came to Texas many years ago from Lynchburg, Tennessee.

Exciting Contest

Exciting entertainment is promised in a Talent Contest to be sponsored at 5:30 p.m. on Museum Day Saturday.

Supervised by Lupe Barrientes the contest will feature anyone with talent who wants to enter.

"We would like to have participation from young and old," Lupe said in describing the contest. "Mr. Ted Mack of the Ted Mack Talent Agency in San Antonio will be on hand to personally judge the entries."

BROOKHOLLOW BOOZERS . . . insist they are better than the Barristers because they have some ex-experts from that group. They'll try Saturday in Hondo.

These fine people brought some pure limestone water and Jack Daniels with them.

"After being in the great state of Texas for awhile someone added a chili pot, a little later a fellow tried with some Texas Steer meat and a few other spices. After a couple of generations there was born and still is used to this day the famous Brookhollow Boozers Chili."

Now who are they challenging?

Why the Brazos Barristers, of course. That famous group that will be at the head of the list in the upcoming World's Menudo Cookoff to be sponsored by Congressman Henry B. Gonzalez in San Antonio during August.

They've cooked and won places at Terlingua, San Marcos, Marble Falls, Houston and you name it. One of the group Harry Lee Stout cooked chili for the Texas Delegation in Washington.

And they do stay busy going around the state in their bright red horse trailer. For instance: they will be in Center on June 16, at the Luckenbach Folklife Festival on June 30, State Chili Cook-off in San Marcos in September, the World's Chili Cook-off in Terlingua in November and the Wichita Falls Chili Pow-Wow in December.

Directors of these wizards at the brewing pot are John Crawford, Bob Eason, Gary Hahne, Harry Lee Stout, Caddo Parish Studdard.

In Hondo Saturday, a native Hondoan Hunter Schuehle will be manning the pot while all the fun and cooking is going on.

The top two winners will receive contracts from the Agency, according to Barrientes. "And the Alamo Theater in San Antonio will give the third place winner a prize," he said.

Site of the contest will be on the front steps of the Medina Electric Cooperative building and will begin at 5:30 p.m. Anyone desiring to enter may call the Anvil Herald and give their name and talent and this information will be given to Lupe Barrientes.

LA FIESTA BORRACHOS . . . They say they can cook chili and will prove it by beating the Brazos Barristers Saturday in Hondo.

THAT'S THE WAGON . . . The Brazos Barristers, Inc. travel the state and sometimes into other areas with this big red wagon cooking their famous Certified Chili. They'll do it for the world to see Saturday in Hondo.

Fire up the pots, the chili cooks will be in Hondo !

They've held them all over, these chili brewers, but Saturday's first annual South Texas Championship Chili Cook in Hondo is bound to be the hottest, the loudest, the tastiest, the most fun-filled event ever to be held.

Cooks (and they're all

experts, if you listen to them talk) are coming from every nook and cranny of the state, each vowing that he or she is the best.

And they all boast their special brand of chili can't be beat—it's fit for kings, princes, paupers and even just ordinary folks.

But it'll all come out in the pots Saturday at the National Guard Armory in Hondo, and from the interest shown so far in this chili cook it is going to be a la-la-pa-loosa and a whing-ding all rolled up into one big ding-a-linging ripa-roo.

Now from up in Dallas old O. O. Wright says he'll have his Shotgun chili boiled down to the best tasting brew that ever scorched a tongue or gut.

Chill Lee of Houston will bring along his Jack Rabbit Trail Riders and they might just concoct some of their famous Jack Rabbit Chili, but as explained last week, the moon may affect the attempt.

Certified Red is the boastful offering of the Brazos Barristers Inc., a group of law students, lawyers and associates from St. Mary's University.

And this group that has traveled extensively "doing their pleasure" have been challenged by other

groups in San Antonio who want to do them out of first place. These include the Brook Hollow Apartments Boozers, the Pier Apartments Parhanas, the La Fiesta Apartments Borachos, and the Global Land Corporation Canyon Canons with their Boom-Boom Chili and Beans, the shot heard around the world.

Radio Station KKYX in the Alamo City is in on the act in a big way and will send Tino Esquivel to brew up a batch.

Still from San Antonio Robert Marsh and the Yellow Dog Gang say "they're coming." And from way up at Campbell (that's still Texas) Dan Dunn sends a note to say "he'll be here on time."

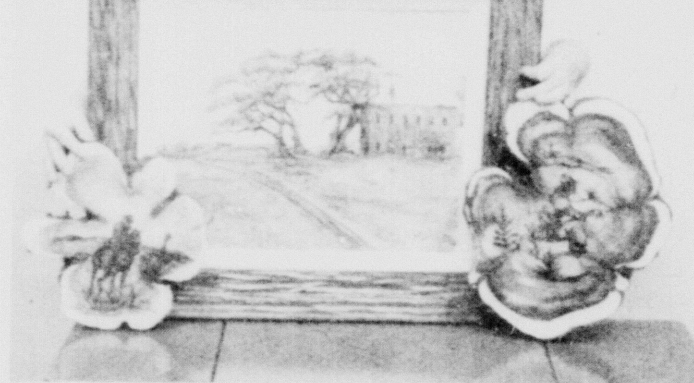

But don't get discouraged local fans; there will be local competitors, and how!

They're the two Air Force Big'uns, TSgt Pete Pike and MSgt Dave Knight. Pete will be sponsored by Edna's Flowers, but Dave's sponsor is not coming forward; maybe after Dave wins, eh?

Fred Johnson and Doolley Eckhart will carry the banner of The Branding Iron; and John Poerner and Associates is sponsoring a "mystery cook." Harold E. Moore of Hondo says he'll offer his famous "Virginia chili".

Don't forget the women! Mrs. Pete Pedroza, Mrs. Francisco Sanchez and Linda Batot all of Hondo are expected to give the men fits with their "chili in the pot." Mrs. Gladys Williams has entered, but says it'll be hard to cook chili and help with the golf tournament at the same time.

And while all the cooking's going on the fun will be fast and furious. Big John Hamilton, a mighty fine star in those big western movies, will be

Chili sold

Sure, the chili is to eat! The fine brews from the first annual South Texas Championship Chili Cook Saturday will be for sale once the champions have been decided.

And after . . . the auction of the championship and first place chili.

Then what's left will be sold by the cup along with some fine homemade bread. So stick around and have an eating good time.

Mr. and Mrs. Robert Perez

Are you ready to turn
back the pages of time?

Then come to the Gay
Nineties Dance being held
at the Armory Saturday
night as the finale of the
fourth annual Museum
Day Celebration.

Tickets can be bought
during the day at the
festivities or can be
bought at the door
Saturday night. Cost is
only \$1.50 per person.

Ronnie Mason and the
Western Swingers will
provide the toe-tickling,
foot-stomping music for
the big affair which will be
dedicated to the Gay
Ninety period.

It is not necessary to
wear the old time clothes,
but the couple most
representative of the Gay
Nineties will be awarded a
prize.

Judges will be Mr. and
Mrs. Fred Bader, Mr. and
Mrs. George Koch, Jr. and
Mr. and Mrs. Kenneth
Flory. Mayor J. G. Barry
will present the prize to
the winning couple.

PRETTY JUDGE . . . Linda Burton of WOAI-TV, Channel 4, in San Antonio will be on hand May 5 to help judge the fast growing South Texas Championship Chili Cook. The event will be held in conjunction with the annual Museum Celebration Day event and is drawing interest from as far away as Dallas and Houston. Linda is well known to the South Texas area for her presentation of news events for Channel 4. "We certainly appreciate Linda coming to join us on this big day," said Bill Green, Chili Cook chairman. Second day of the big affair is the popular Antique Auction slated for May 6 at 1 p.m. at the 4-H Show Barn at the Airbase

The Medina County Museum will be open during both days of the fourth annual Museum Day Celebration.

This announcement was made by President Frank Graff.

Times will be from 1 p.m. to 6 p.m. both days, Saturday and Sunday.

"Go by and look at our new displays," Graff said in inviting everyone to attend the big celebration Saturday and the Antique Auction on Sunday.

Hairy growths compete

Cups are waiting for the mustache and beard growing contest which is to be held at Museum Day Celebration Saturday.

Slated at 5 p.m. the contest will feature the best mustache and the best overall beard. First prize will be awarded in each event and mustache growers also will take away a second place.

"If we have more than one beard winner we just

might find them a prize also," says General Chairman Burnis Lawrence.

Golf tourney popular

Entries are growing in the first annual Museum Day Golf Tournament being sponsored by the Hondo Golf Association and Virgil Krenmueller.

Tee off time is 10 a.m. Saturday and entry fee is \$5 plus green fees. One dollar of each entry fee will be contributed to the Museum.

"We'll be through in time for all our golfers to enjoy Museum Day festivities," a spokesman said.

Mr. & Mrs. Henry Nietenhoefer

MRS. BRUNO SCHWEERS . . . shows off the beautiful rosettes she has made for the winners in the Homemade Bread Baking contest slated Saturday at Museum Day.

TREASURES . . . All of these items are treasures someone will own following the Antique Auction Sunday afternoon at the 4-H Show Barn on the Airbase. Beginning at 1 p.m. this event of Museum Day Celebration offers these old glassware items, some of them made in England. Also shown here are five of the some eight clocks the Auction will have on hand. President Frank Graff says more than 400 items will be sold. Frank Helvey and C. D. Foster will handle the auctioneering chores.

Entertainment galore

Entertainment is what a festive public is interested in these days and they should have plenty of it at Museum Day Celebration Saturday.

The famous Hondo Owl Band will get things off to a rousing start with a concert beginning at 2 p.m.

Coming in at 3 p.m. will be students from the Hermann Sons School of dancing.

They will be followed at 3:30 p.m. by Raymundo Garcia and his Fabulous Sounds.

And at 4:30 p.m. Freddie Morin and The Chicanos will perform for the audience. They will be followed by the Mustache Contest.

Lupe Barrientes will host a Talent Contest

beginning at 5:30 p.m. at the same time the Chicken Barbecue Dinner will be served.

Then highlighting the day will be the Country Squares from 6 to 7. They will have square dancers from other clubs helping them out during this presentation.

All during the afternoon Ramon Villa and his Mariachi Band will be strolling around the grounds entertaining the crowd.

And that's not all—for the Mariachi De San Juan also will be providing their fine entertainment.

Then at 8:30 p.m. Ronnie Mason and the Western Swingers will play for a dance, while at the City Park Ramon Villa and his band also will play for a dance.

Country store needs items

The Hondo Home Demonstration Club would like to remind everyone that they are still in need of items for the Country Store at Museum Day. Any handmade items or baked goods which you would care to contribute would be appreciated.

The items may be taken by the booth on Saturday before 2:30 or you may call any member of the club to pick up your item. All members that volunteered for the first shift at the Country Store on Saturday are reminded to be present by 2:30 to set up the store.

Any member who does not have an hour to work should call Martina Saathoff to make arrangements for your shift. The shift hours will run 2:30 to 3:30, 3:30 to 4:30 and 4:30 to 5:30.

The meeting place for the next meeting May 8 has been changed to the home of Karen Koch. The program will be on diet foods given by Genevive Aelvoet.

It is important that all members be present at this meeting as we will be discussing our annual Ladies Day Out and will also have the election of officers. The time is 1:30. Everyone is invited to attend.

Plates, sketches on sale

One buy you won't want to miss at the Museum Day Celebration is that on a Museum Plate.

Going for only \$3.00 the plates will be on sale at the Museum and the Armory. Also to be sold will be packets of sketches for 50 cents.

There are not too many of each left, so get yours now. They probably will never be re-ordered.

TO BE IN HONDO . . . Martha Buchanan, who visits thousands of homes daily on the WOAI-TV, Channel 4 Big News, has told Bill Green she will "gladly" be in Hondo May 5 to judge in the first annual South Texas Championship Chili Cook. "Linda Burton and I are looking forward to your gigantic celebration," she said in a recent letter. The Chili Cook, an idea pushed by Green, will be held in conjunction with Museum Celebration Day events May 5. The next day, Sunday, the giant Antique Auction is slated for the 4-H Show Barn on the Airbase.

May moon may affect chili

It's hard to believe that the moon has so much to do with the way the world turns, like the tides of water and love; but it's downright hard to swallow that it can have a lot to do with chili cooking.

But, now, you just read this letter (on Hyatt Regency Hotel stationery out of Houston, yet) received by Bill Green, chairman of the first annual South Texas Championship Chili Cook, and you'll probably be convinced.
